

Montenegro Citizenship by Investment (CBI)

ISBDI Institute is presenting you a unique investment opportunity including citizenship in Europe's fastest growing country, Montenegro.

Our 5 Star hotel project which is approved as a citizenship investment program by the government of Montenegro will be your gateway to the European Union. Montenegro is the next candidate to enter the European Union by 2025. This program and unique opportunity will end by end of 2021.

With an investment of Euro 350,000 you will receive after approval the citizenship of Montenegro for you and all your family members.

What are the benefits of Montenegro citizenship?

The minimum investment in Montenegro is €350 000 which is the most affordable in Europe. Citizens of Montenegro have visa-free or visa on arrival access to 123 countries and territories including the Schengen zone and several more EU countries, Russia, Turkey, etc.

Possible to apply for an E2 visa for the United States. Montenegro is the first next member of the European Union. Montenegro has one of the most competitive corporate tax regimes in Europe. Montenegro uses the so-called «territorial tax system»; it means that only income from Montenegro is taxed. There is also no inheritance tax. Personal income tax is 9%, the corporate income tax is 9%, and capital gains tax is 9%.

The entire naturalization process may take only three months. Full residency status and the right to live and work in Montenegro. Land laws that give foreign investors equal status with locals, with full deeds and titles to land and real estate. Your family members can become Montenegrins as well. In addition, your financially dependent children can become citizens without age restrictions. You do not have to live in Montenegro or learn the local language, and of course, dual citizenship is allowed.
